News & Events:

Los Flores, Guatemala

We are excited to welcome four new kids to our LIFE Homes, including Ingrid (pictured below in the striped shirt with her new friends). The LIFE Homes continues to care for and educate 32 kids on our 17 acre campus located in the village of Las Flores, Guatemala. Many of these children had been diagnosed with HIV, but with proper care & prayer we have seen many freed from the disease.

Volta Region, Ghana

Last month at our LIFE Restoration Center in Ghana, West Africa, we hosted a Christmas Party for over 200 children who live in the area. In addition to a big meal and Christmas gifts, the children learned how God loves them completely, because of the saving Grace of Jesus Christ. Many of them made decisions for Christ that day and continue to be involved at the LIFE Restoration Center.

Beirut, Lebanon

We are just weeks away from our Kingdom Fiesta Celebration for 2012 at the Middle East Life Center. Nine Nations will be represented as churches in Beirut come together and celebrate the love of God with song, dance, and creative drama. The three night celebration will be broadcast LIVE on television across the Middle East as we share the message that "You are God's Beloved!"
